

KATHMANDU UNIVERSITY SCHOOL OF EDUCATION

ADMISSION CALL FOR

2020 FALL INTAKE

M.ED. IN LEADERSHIP AND MANAGEMENT (TWO AND ONE YEAR PROGRAMS)

PROGRAM

M.Ed. in Leadership and Management program is a revised program of the former M.Ed. in Educational Management Program. The graduates specializing in this program are expected to be responsive to the changing educational technologies, pedagogical practices, and innovation in education. The graduates of this program are expected to be leaders, strategic thinkers, trainers, researchers, entrepreneurs, curriculum designers and materials developers for educational organizational development and effectiveness. Moreover, the program is designed to prepare educational professionals to be the key advocates for transforming the society through their leadership and managerial roles. The courses include core courses, specialization courses, professional courses, and practical courses. The Department of Educational Leadership has been offering two and one year programs in M.Ed. in this stream.

AIMS OF THE PROGRAM

- Preparing educational leaders who can demonstrate high levels of management and leadership skills
- Preparing strategic thinkers who can prepare long term, mid-term and short term strategies to track the organization effectively
- Producing trainers who can train head teachers and teachers in order to transform school education and system
- Producing entrepreneurs who can explore educational opportunities and implement innovative ideas for the benefits of societies
- Producing researchers who can explore local, indigenous and contested practices on educational leadership and management

GRADUATE ATTRIBUTES

- Can cater to the needs of the 21st century educational organizations.
- Can think strategically to track big pictures of organizational development
- Can train head teachers, teachers, parents and School Management Committee members for school effectiveness
- Can carry out research on emerging issues of educational leadership and to advocate for research based decision making practices
- Can start up educational institutions which have values in the contemporary society as entrepreneurs
- Can design curriculum to transform society through leadership and managerial roles and responsibilities
- Can develop materials for educational organizational development and effectiveness

CAREER PROSPECTS
